Welcome to Helderveld Technologies

Dear Sophie,

On behalf of everyone at Helderveld Technologies, it is my genuine pleasure to welcome you to our company. We were delighted to offer you the role of Senior Software Engineer, and we are very much looking forward to having you join the team on Monday, 17 August 2026.

From your very first conversations with us, your curiosity, craftsmanship, and warmth made a lasting impression. We are confident that the experience and energy you bring will help us continue building software that genuinely moves our clients' businesses forward — and we are proud that you have chosen to build the next chapter of your career with us.

In the days before you start, our People team will be in touch with the practical details: your onboarding schedule, equipment, and a friendly introduction to the colleagues who will help you settle in. On your first morning, please ask for me at reception at 9:00 a.m.; I would like to welcome you personally and show you around.

Should you have any questions in the meantime, please do not hesitate to reach out to us at people@helderveld.be or by telephone. We are here to make your start as smooth and enjoyable as possible.

Once again, welcome aboard. We are thrilled to have you with us and cannot wait to begin working together.

Warm regards,

Margot Devlieger

Director of People & Culture · Helderveld Technologies NV
